<i>Offer No.</i>	<i>82075</i>
Summary of offer	Import to Israel: Israeli company specialized in cultivation, marketing and import of unique, high quality fruits and vegetables looking for suppliers.
<p>For the past 30 years, the company has specialized in cultivation, marketing and import of unique, high quality fruits and vegetables.</p> <p>The company is highly regarded by both cultivators and chefs for its sophisticated methods, and is today the leading professional entity for specialty mushrooms in Israel. More new and unique vegetable products have been added to the Israeli food basket, courtesy of their company, resulting in heightened interest and demand for an expanding variety of food innovations.</p> <p>Since its founding, the company has endeavoured to broaden its range of unique food items for the Israeli table, to achieve the highest standards and respond to growing demand from our customers for natural and healthy food.</p> <p>Our products include a variety of fresh and dried mushroom types, fresh ginger, endive, fresh turmeric root, sun-dried tomatoes, genuine lime, shallots and more. Some of these are locally produced and others are imported from distant and exotic lands. They are “our treasures”, each carefully chosen for their high level of quality, health benefits, and of course – taste.</p>	
Potential Partners	Suppliers of fruits and vegetables.
Target Countries	All countries that have approval from the Ministry of Agriculture import fresh agricultural produce.
