

Dear Sir/ Madam,

Embassy of India in Athens is in process of identification of sources of Zeolite Crystals which are used as molecular sieves in oxygen concentrators. This Mission would be grateful if the said information please be circulated among your relevant esteemed members and the following information please be shared on urgent basis.

Further, it is also requested that available quantity with price, time-frame for supplies and contact details of the companies please be shared as soon as possible.

An early response will be highly appreciated.

Thanks & Regards,

--
